

F&B EQUIPMENT

FOH's new Drinkwise collection of reusable BPA-free drinkware debuted at IH/M&RS. The safe and durable alternative to polycarbonate and SAN drinkware features stylish designs and can withstand unlimited commercial washings and maintain its glass-like clarity and brilliance, the company says. **Circle 106**

SIDING

Nichiha USA's new shake siding options, the Sierra Premium Shake Plus Boards, are designed for a hassle-free and fast installation. Featuring the aesthetic appeal of cedar shakes, Sierra Premium boards utilize a deep cedar grain, ideal for residential and commercial properties. **Circle 107**

SEATING

MTS Seating's DinePlus 20 chairs are designed specifically for hospitality dining and breakfast areas and feature a 20-inch wide COMFORTweb seat that meets the requirements and specifications for a wide range of hospitality brands. **Circle 108**

BEDDING

Element Bedding by Fabtex brings color to the white bed. Combining classic Greek key and contemporary design accents, the collection draws inspiration from Symphony and Genesis Fabrics by Fabtex. **Circle 109**

DIGITAL SIGNAGE

Muzak, a provider of music, messaging and video for businesses, introduces a new digital signage product, the Encompass DS. It was developed in partnership with video hardware leader BrightSign and Scala, a leading digital signage company, and the partnership creates strategic opportunities by uniting premium content, leading technology and nationwide support. **Circle 110**

LIGHTING

HB Architectural Lighting Inc.'s custom pendants, designed by Wilson Associates for The Peabody Orlando, feature a blend of hand-painted, honey amber acrylic with hand-blown multi-glass flowers and a custom champagne finish. **Circle 111**

LIGHTING

Bulbrite's Bug Lights can be used for outdoor security fixtures, downlights and portables. They are available in compact fluorescent and standard incandescent lamps. Both are designed with a bright yellow finish, which repels insects. **Circle 112**

LIGHTING

Scott Lamp Co.'s new wall sconce 3411 provides just the right touch of light to hallways and guestrooms. The 10x16-inch size is offset by its four-inch projection, making it ideal for ADA compliance. The polished nickel finish is complemented by a dark bronze accent. **Circle 113**

APPAREL

Cintas' new eco-friendly apparel option for banquet staff features single-breasted tuxedos for men and women that are partially composed of recycled polyester fibers woven from recycled plastic bottles. The tuxedos are machine washable. **Circle 114**
